PROFILE

Videographer, video producer and photographer with 5+ years of experience producing commercial and hospitality content, from concept and on-location filming and photography to editing, color grading and delivery. Combines camera and drone work with music-led storytelling, delivering independent productions and collaborating on set.

EXPERIENCE

Media Content Creator | Göçtur

Jul 2025 – present

Hospitality, food and lifestyle content

- Create video and photography content for Pine Bay across hotel, food, event and campaign projects, with 66 videos published on Instagram to date.
- Manage Instagram publishing for Pine Bay video content and photograph the images used as video covers.
- Produce video content for DoubleTree by Hilton, handling filming, drone footage, editing and color grading.
- Develop brand-matched photo and video content for Bar Kalfa and Linnet Brasserie around each venue's visual identity, and deliver 300+ photographs plus hosted-wedding, Christmas and new-menu videos for Old Town Tanneries and Vaketa.

Filmmaker & Editor | GHT Studio

Apr 2021 – Mar 2025 · Tehran

Co-founded independent production studio

- Produced commercial, automotive, fashion, product and travel films, with responsibilities spanning concepts, storyboards, camera work, lighting, team coordination and post-production.
- Led concepts and small-team production on selected projects; supported collaborative sets with practical lighting, set preparation and slider operation.
- Shaped edits from supplied footage through shot selection, narrative structure, music, pacing, color correction and grading, and final delivery.

CRAFT & TOOLS

Camera & production: Camera operation, shot planning, lighting setup using Nanlite equipment, drone filming, sliders and mobile filmmaking. Experience with Canon, Sony, GoPro and Insta360 cameras.

Editing & finishing: DaVinci Resolve editing and color grading (colorist), narrative structure and music-led pacing. Project-specific original music production in FL Studio.

Independent AI work: Concept development, image and video generation, and editing using Midjourney and GPT Image. **Finalist, Filmnet "Vahshi" title-sequence competition, 2026.**
